

Abdul Rahiman Mihad

AI Engineer · Artificial Intelligence and Machine Learning · Abu Dhabi, UAE
+971 50 670 8992 | abduleahimanmihad@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

AI Engineer with hands-on experience building and launching production Artificial Intelligence products. Currently at HireUp, a Japan-based technology company, where I built a real-time AI Voice Interviewer that automatically conducts job interviews with candidates. Skilled in Machine Learning, Generative AI, Large Language Models (LLM), Natural Language Processing (NLP), Computer Vision, and MLOps, with cloud experience across AWS, Microsoft Azure, and Google Cloud. Known for improving AI accuracy, reducing operating costs, and delivering reliable systems that real users depend on. Based in Abu Dhabi and available immediately.

WORK EXPERIENCE

AI/ML Engineer, HireUp

May 2026 to Present

Technology company headquartered in Japan (remote role) · app.hireup.now

- Built the company's flagship AI product: **a real-time voice AI interviewer** that speaks with job candidates, asks interview questions, understands their answers, and responds naturally, now running live in production.
- **Improved interview accuracy from roughly 80% to 100%** on question navigation by redesigning the system logic, verified across live interview runs and automated tests.
- **Reduced AI operating costs significantly** by redesigning how the system uses Large Language Models, removing unnecessary processing from every conversation turn.
- Made conversations feel natural and human: candidates can **interrupt the AI mid-sentence** and it responds appropriately; also cut response start-up delay by about 1.5 seconds.
- Built an **automated quality testing system** that replays complete interviews in seconds, protecting product quality with every software update.
- Collaborated daily with an **international team across time zones**, working with Python, LangGraph, AWS, OpenAI, and other leading AI technologies.

KEY PROJECTS

Self-Correcting AI Question Answering System

Generative AI · RAG · AWS · Python [Live Demo](#)

- Built an AI system that answers questions from documents and **checks and corrects its own answers**, reaching **92% accuracy** and reducing wrong answers by **40%**; deployed live on Amazon Web Services (AWS).

AI Litter Detection System

Computer Vision · Machine Learning · Python [Live Demo](#)

- Built an AI camera system that **automatically detects litter in photos**, trained on 1,500 plus images I labelled by hand; improved detection of small objects by **15%** and published it as a live web application anyone can try.

Language Model Built from Scratch

Deep Learning · PyTorch

- Built a small AI language model completely from scratch to master the fundamentals of how systems like ChatGPT work internally.

EDUCATION

Bachelor of Computer Applications (BCA)

Aug 2022 to Nov 2025

Yenepoya University, India · Specialisation: Machine Learning, Artificial Intelligence and Robotics
Programme delivered in industry partnership with TCS and Microsoft

CERTIFICATIONS

- **Microsoft Certified:** Azure AI Fundamentals (AI-900) · Azure Fundamentals (AZ-900) · Azure Data Fundamentals (DP-900)
- **IBM / Coursera, Generative AI:** [Advanced LLM Fine-Tuning](#) · [Fine-Tuning Transformers](#) · [AI Agents: RAG and LangChain](#) · [LLM Architecture and Data Prep](#) · [LM with Transformers](#) · [Foundational Models for NLP](#) · [EDA for ML](#)
- **Kaggle:** Advanced SQL · Intro to SQL

SKILLS

AI and ML	Artificial Intelligence · Machine Learning · Deep Learning · Generative AI · Large Language Models (LLM) · Natural Language Processing (NLP) · Computer Vision · RAG · AI Agents · Prompt Engineering · Fine-Tuning
Programming	Python · SQL · JavaScript · PyTorch · TensorFlow · FastAPI · Streamlit
Cloud	Amazon Web Services (AWS) · Microsoft Azure · Google Cloud (GCP)
MLOps	Docker · MLflow · CI/CD · GitHub · Model Monitoring · Automated Testing
Data	Redis · PostgreSQL · BigQuery · Data Analysis · Data Annotation
Languages	English (Fluent) · Malayalam (Native) · Hindi (Elementary) · Arabic (Elementary)
